E. Adopt Agenda — Adopted 19-0-0

There was a motion and a second to adopt the agenda. Motion was approved and the agenda was adopted 19-0-0. Rob Wigod announced that Marketing Manager Jackie Gibson was not in attendance as she delivered her baby earlier today.

F. Approval of Minutes — Approved 18-0-1

There was a motion and a second to approve the minutes of the August 15, 2019 Executive Committee meeting. The minutes were approved 18-0-1.

2. **PUBLIC COMMENT**

A. Recognition of anyone wishing to address the Executive Committee. Speakers must limit their remarks to three minutes.

There was no one present to address the Executive Committee.

3. ACTION ITEMS

A. STATE FEDERATED COUNCIL ACTION ITEMS

There are no State Federated Council Action Items at this time.

B. SOUTHERN SECTION ACTION ITEMS

There are Southern Section Action Items at this time.

4. NON-ACTION ITEMS

A. STATE FEDERATED COUNCIL NON-ACTION ITEMS

1. Proposed Bylaw Additions 1501 and 2603 -   Non-Action   STATE 593
   Baseball and Softball State Championships

   Dr. Monica Colunga reviewed the proposal. The updated version is in the packet indicating dates and that this tournament would be a single elimination, 8-team bracket in five divisions for both Baseball and Softball. Both advisory committees are not in support of this proposal. Chris Calderwood asked why it is a single elimination and not a series. Jim Perry answered that the element of time was a factor and running through pitchers in Baseball. Rob Wigod reported from the Commissioner's Meeting that there are mixed feelings regarding this proposal and the vote will be close. There are concerns regarding the movement of the calendar and the many graduations that take place before the finish of the season.

2. Proposed Bylaw Revision 1703 -   Non-Action   STATE 596
   Traditional Competitive Cheer Regional Championships

   Dr. Monica Colunga reviewed the proposal asking for the inclusion of a State Regional Championship scheduled two weeks following the Southern Section Championships. This is an invitational with costs incurred by the schools who choose to attend. Terry Barnum voiced concerns that paying an entrance fee for a championship event may start a trend to add entrance fees in other sports.

3. Weighted Voting Revision 2019-20   Informational Only   4A3

   Dr. Monica Colunga reviewed the information provided by the CIF State regarding weighted voting at the CIF State Federated Council meetings.

B. SOUTHERN SECTION NON-ACTION ITEMS

1. Proposed Bylaw Revision 32.B.4.B -   Non-Action   SS 594
   Releaguing Procedures

   Dr. Monica Colunga reviewed the proposal. This proposal is requesting the option for athletic conferences/assocations to releague every year if desired. The current rule may be out of date since competitive equity is used yearly for the establishment of playoff divisions.

B. SOUTHERN SECTION NON-ACTION ITEMS (Cont.)

2. Proposed Bylaw Revisions Sports Sections -　　　　　Non-Action　　　SS 595
     Summer Dead Period

   Dr. Monica Colunga reviewed the proposal regarding a 14-day, all sports, all levels, Summer Dead Period. Jeff Williams, who co-authored the proposal, spoke how this plan was put together, stating that of the many different proposals forwarded over the years, this one brought together the best parts of all of them. This has everyone at a school off for 14-days so the multi-sport athlete has time away and facilities across the board can be tended to. There would be no weightlifting allowed at that time either. Chris Calderwood clarified that each school still chooses their own dead period and that the goal was to have all schools on the same schedule. Jeff Williams added that since schools start and end at such different times, this was the factor in allowing schools to decide their own dead period. David Parkes commented that some schools' maintenance crews may be too small to be able to reset all facilities during the dead period. Jeff Williams stated that the rationale is to give students time off which is why it is two consecutive weeks. Terry Barnum asked why enact a rule forcing schools to do something they can do right now and does the timing of the forced, all school dead period put the needs of one school sports program ahead of another because of the timing of their dead period. Jim Perry reminded that years ago, there was a 21-day dead period set for everyone and that everyone set their summer schedules around that 21-day window. Now, there is no more common area. The Dead Period Rule was gone before the Association Rule was voted out in 2008 during the 2008-09 school year. Dr Monica Colunga stated that this is an ongoing conversation and being a large section, this gives us the opportunity for conversation and allows us to have an agreement for what it should look like. Do all principals understand their role and that it is their responsibility? Dave Reid stated that this needs to be done together because one league doing this will not necessarily move enough leagues to follow suit.

3. Proposed Bylaw Revision 3320.2 –　　　　　　　　Non-Action　　　SS597
     Playoff Divisions for Golf

   Dr. Monica Colunga reviewed the proposal. This would move the Golf Playoff Groupings to a competitive equity model instead of geography-based and could have a financial impact due to travel. Chris Calderwood asked if a similar proposal had just been passed for Wrestling and Rob Wigod answered that it had. Because competitive equity was added to the Blue Book and listed other sports that competitive equity did not affect, this must be done to update the language in the Blue Book and give Golf the opportunity to move toward competitive equity. This proposal will be using two years of championship data for playoff divisions.

4. Proposed Bylaw Revisions Article 5, Section 54　　　Non-Action　　　SS 598
     Commissioner Duties

   Dr. Monica Colunga reviewed the proposal to clean up the language and update the duties of the Commisioner of Athletics to coincide with the items in the Commissioner's Evaluation.

5. NEW BUSINESS

A. Financial Report　　　　　　　　　　　　　　　　　　　　　　　Mitch Carty

   Mitch Carty distributed a handout that appears at the end of these minutes and highlighted various items contained within.

5. NEW BUSINESS (Cont.)

B. Marketing Report   Thom Simmons/Jackie Gibson

Thom Simmons updated the Executive Committee on the presentation to Ford and Fox for a 4-year renewal with Ford continuing their title sponsorship. Thom Simmons stated that Jackie Gibson knocked the presentation out of the park and the general feeling is that Ford is happy with us and looking to renew. Ford feels the dealers need to be more involved and we helped with that effort with a halftime event at a Santa Margarita High School football game with the local Ford dealer. Ford has a sweepstakes starting up in which they are giving away a car during the football championships. The Athletic Administrator Summit has 624 attendees registered to date and a big thank you to staff for helping with this project. Raising Canes is a huge supporter of the Southern Section with your lunch today being donated by our local store and the new football season signage being displayed at the local stores. They were in attendance at the Champions for Character Dinner and awarded all the student-athlete winners a free Raising Canes for a year gift card. We are close to signing a contract with Champion to be the official Lacrosse ball, providing balls and t-shirts. NFHS Network and ESPN have a real interest in getting more involved with our Section.

C. Communications Report   Thom Simmons/Chelsea Heyward

Chelsea Heyward reported on the success of the new Champions for Character video process by having the awardees do their videos at school and that it was a great event. Videos of the season previews are up on the website. Our section has been successful in having two Coaches of the Week through the Los Angeles Chargers program.

6. REPORTS

A. Section 7/8 Reports   Dr. Monica Colunga
                                                        Mike West
                                                        Carter Paysinger
                                                        Jill Matyuch

Dr. Monica Colunga attended several workshops which included the NFHS Report discussing their desire to work more closely with the ten California sections and to have more of a presence across the country. They are developing an official's program and performing a technology audit to enhance what they do. They are taking a look at the sport of Football and the decline in enrollment in that sport and the CIF State is putting together a football committee to align with the NFHS. There was a sportsmanship workshop put on by the associations in Wyoming and Utah who provided information on how they try to respond to educating their students and to holding their parents accountable for their actions. Utah schools are working with their officials who are weighing in on the sportsmanship of the schools. Rob Wigod presented a workshop on our competitive equity playoffs, identified why it came about and gave an excellent presentation. Ron Nocetti talked about eSports, the evolution of that activity and building a foundation for future championships. Thank you to Rob Wigod for the opportunity to attend the conference.

Jill Matyuch shared with the committee a yellow card that the Wyoming association uses at their games to give to parents in the stands regarding sportsmanship.

Rob Wigod thanked to those that attended the conference. It is important to represent our section and he is proud of the quality of our representatives.

6. REPORTS (Cont.)

B. President's Report   Dr. Monica Colunga
Attended the Champions for Character Dinner and thanked Chelsea Heyward for the videos, which were great. The event was very classy and efficient. You are encouraged to go if you can next year. Thank you for lunch. Looking forward to the Athletic Administrator Summit. Mike West, Carter Paysinger, and myself are presenting to Principals that morning.

C. Treasurer's Report   Dr. Jeff Jordan
The annual audit will be conducted in October. As we conclude the first quarter, we have $1.3M dues revenue and $1M in expenses. Of the 566 member schools, 473 have paid their dues

D. Commissioner's Report   Rob Wigod
Tuesday's Message from the Commissioner discussed the reduction in transfer numbers and the monitoring of the number of ejections. The Assistant Commissioners are attending league meetings and at the Council meeting next week we will continue to discuss the goal of reducing the ejection numbers. The officials recruitment program is progressing with 100 new officials already coming through the program. Soccer has the most prospective new officials followed by Basketball and then Football. Thank you to those that were able to attend the Champions for Character Dinner and thank you to Sharon Hodge for her excellent organization of the event. Thank you to Chelsea Heyward for the videos, they were super. Our first Council meeting of the year is on Tuesday and we hope you will attend. Ron Nocetti will be in attendance and it will be his first meeting with us in his new role as CIF State Executive Director. The Athletic Administrator Summit is on October 7 and you have your credentials so we hope you can attend. Playoffs are coming soon, and you are all invited to enjoy the events and/or present awards. Looking at declining numbers in Football and trying to find a way to reverse the trend, perhaps working with youth programs to help feed our high school programs and getting our professional teams involved as they need the high school programs to increase as well.

D. Executive Committee Member Reports
CSADA Representative, Dave Reid reported on the CSADA Conference dates of April 16-20, 2020, at the Peppermill in Reno.
Superintendents Representative, Reggie Thompkins reported that he has been given authority to bring together the athletic directors in the Riverside County Office of Education for a conference to discuss what is it that we are focused on and what are the students taking away from our athletic programs.
Boys' Athletic Directors Representative, Chris Calderwood commended Rob Wigod on his most recent Commissioner's Message. Why does soccer have the most ejections? Instead of just saying that is the way soccer is, let's find ways to improve and change it.
Citrus Belt Area Representative, Ed Kearby commended Chelsea Heyward on her work with the social media stating it is phenomenal and everything you need is available on those platforms.

Type: New Regional Championship Event

Proposal Summary: The CIF Central Section is proposing the implementation of a CIF Regional Baseball and Softball Championships to begin in 2020-2021 school year. This proposal follows the approved State Championships Master Schedule timelines for implementation of new events for consideration.

The event would allow the most competitive baseball and softball teams in the state an opportunity to compete at the Regional level. This championship event is proposed as a one-week tournament held immediately after the section finals.

Fiscal Impact: Neutral**.** The staff has conducted an audit of section events and also used Regional Soccer as an income and expense template for a comparison.

Background: State CIF does not currently have a regional championship in Baseball or Softball.

Talking Points: last events on CIF master plan; submitted together for equity purposes; event takes place after many schools have graduated similar to track & field and boys golf; this would impact 80 schools per region (40 for baseball and 40 for softball)

ARTICLE 150
BASEBALL

1500. **PITCHING LIMITATION RULE – 30 OUTS**

Sections shall adopt the following baseball pitching limitation rule: 30 outs and/or three (3) appearances in a calendar week through the season.

A.   The calendar week begins on Monday.

B.   Innings pitched in a no game (i.e., rainout, power failure, etc.) shall count toward the total.

C.   If the 30th out involves a double or triple play, the team will not be penalized.

D.   An appearance is defined as a pitcher pitching at least one (1) pitch. If a pitcher is removed from the mound to another position or to the dugout and later returns to pitch in the same game, the pitcher will be charged with a second appearance.

E.   Any violation constitutes a forfeit of the contest.

1501. **PITCHING LIMITATION RULE – PITCH COUNT**

In addition to 1500 above, Sections shall adopt the following baseball pitching limitation rule with respect to pitch count and required days of rest:

Pitch count limits and required rest:

Level	Maximum Contest Pitch Limit	0 Days Rest Required	1 Day Rest Required	2 Days Rest Required	3 Days Rest Required
Varsity	110 Pitches	1-30 Pitches	31-50 Pitches	51-75 Pitches	76+ Pitches
Freshman; F/S; JV	90 Pitches	1-30 Pitches	31-50 Pitches	51-75 Pitches	76+ Pitches

A.   A pitcher may finish the current batter if the Maximum Contest Pitch Limit is reached during that at-bat.

B.   Pitches thrown and appearances made in a no game (i.e., rainout, power failure, etc.) shall count toward the totals.

C.   At the end of each half inning, the head coaches will confirm and both team score books will record the pitch count for all pitchers who threw a pitch in that half inning. In the case of a discrepancy, the home score book is considered the official score book.

D.   Each school must keep a record of all pitches thrown by each of their players in each game and make this available to their respective Section Office upon request.

E.   Any violation constitutes a forfeit of the contest.

(Approved January 2017 Federated Council)

1502. **OFFICIAL NATIONAL FEDERATION AUTHENTICATION MARK**

Only balls with the National Federation authentication mark shall be used in the sports of baseball, basketball, field hockey, football, lacrosse, soccer, softball, volleyball and water polo.

(Revised to include lacrosse November 2000 Federated Council)

1503. **PROTECTIVE EQUIPMENT**

It is required that adult base coaches wear a protective helmet. Play will not continue until compliance with this rule is met. It is recommended that the helmet meet NOCSAE standards.

NOTE: NFHS rules govern use of protective equipment by a player/student.

(Approved January 2015 Federated Council)

1504. **REGIONAL CHAMPIONSHIPS**

A Regional Championship will be held following the completion of Section playoffs. The CIF Seeding Committee will determine the divisional placement of the Section entries for their respective regional tournament.

ARTICLE 260
SOFTBALL

2600. LENGTH OF GAME

Sections are authorized to limit junior varsity softball games to seven (7) innings or a maximum of two (2) hours (no new inning shall begin after two (2) hours have expired from the start of the game), whichever comes first.

2601. OFFICIAL NATIONAL FEDERATION AUTHENTICATION MARK

Only balls with the National Federation authentication mark shall be used in the sports of baseball, basketball, field hockey, football, lacrosse, soccer, softball, volleyball and water polo.

(Revised to include lacrosse November 2000 Federated Council)

2602. PROTECTIVE EQUIPMENT

It is required that adult base coaches wear a protective helmet. Play will not continue until compliance with this rule is met. It is recommended that the helmet meet NOCSAE standards.

NOTE: NFHS rules govern use of protective equipment by a player/student.

(Approved January 2015 Federated Council)

2603. REGIONAL CHAMPIONSHIPS

A Regional Championship will be held following the completion of Section playoffs. The CIF Seeding Committee will determine the divisional placement of the Section entries for their respective regional tournament.

Type: New Regional Championship Event

Proposal Summary: The event would follow the successful implementation model that CIF used for girls wresting as Sections continue to grow the sport within their regions.

This Regional Event would increase the opportunities and ability of member schools to compete in Traditional Competitive Cheer at significantly reduced expenses which has eliminated many schools from participating in Non-CIF Sponsored Events across the state.

Fiscal Impact: Neutral. The staff has conducted an audit of section events and also used Girls Wrestling as an income and expense template for a comparison.

Background: State CIF does not currently have a regional championship in Traditional Competitive Cheer.

Talking Points: Increases opportunities for Traditional Competitive Cheer teams; regional invitational meet will have multiple divisions; event is an invitational and does not meet CIF team reimbursement guidelines.

Proposal for New CIF Championship Event

Name of Event: Traditional Competitive Cheer Invitational

Proposed Event Dates: Week 29 of the NFHS calendar, beginning with the 202-2021 school year.

2021: Saturday, January 23
2022: Saturday, January 22
2023: Saturday, January 21
2024: Saturday, January 20
2025: Saturday, January 25

Format:
The format will be a multi-divisional competition conducted at two regional sites.

Entries:
Unlimited section entries will be accepted up until the designated cut-off date of one week prior to competition date.

Financial Criteria and Feasibility for New Events Sponsored by CIF:
1. What travel, lodging, and meal reimbursement will be provided to participating schools (please use the CIF Adopted Criteria)?
   Based upon the reimbursement policy established by the Federated Council, this event, as an invitational event, does not meet the criteria for travel, lodging, and meals reimbursement.

2. Will this event place any CIF Section event at risk financially?
   There will be no financial obligation to any CIF Section.

3. Will this event be a burden on any CIF Section budget or the State CIF budget?
   There will be no burden on any CIF Section and the event will be a positive for the State CIF budget.

4. Please provide a detailed, specific, feasible cost estimate for the operation of this event.

    Proposed Budget

Revenue:	Expenses:	
Ticket Sales: $13,000.00	Officials:	$2,000.00
	Awards:	$1,500.00
	Facility Rental:	$6,000.00
	Staffing:	$2,500.00
		$13,000.00

    The State CIF, using the model previously implemented when developing State Girls Wrestling in 2011, estimates that in year one of the invitational that a minimum of 45 schools will attend the inaugural event.

5. Please demonstrate using the both costs in #4 above and anticipated event revenue how this event may be sustained economically over many years.
    The initial budget is based on projections of a minimum of 45 teams in attendance. Based on conservative estimates of like events currently being offered by third party organizations, the number is closer to 60 to 75 schools per event. As this would be the first regional event of its kind, future projections would indicate that this invitational event would grow as quickly as the wrestling event grew.

6. Is the current CIF State Office staff capable of managing this event?
    The current CIF State staff can provide more than adequate management for the event. With additional resources available to the State office via third party sponsors, the staffing needs are well within the limits of the State CIF office.

7. Is there capable staff available to support the CIF State Office in the operation of this event?
    The CIF State office has a network of additional resources available to assist in the oversight and production of this event.

Philosophical Criteria for New Events:

1. How does this event contribute to the goals of the CIF (i.e. a new event may enhance gender equity, economic stability and enhance the awareness of values taught through sport)?
   With the addition of this event, the State CIF will be able to provide opportunities for cheer programs locally, while promoting the sport on a statewide basis. In addition to this, creating a state event will allow more CA schools the opportunity to compete at the highest levels without strain on school budgets, thus saving the schools thousands of dollars in travel and entry fees.

Qualifying Participation Criterion for a Regional Championship:

1. Do 50% of all CIF schools participate in the sport in the same ?
   Presently, the number of teams competing does not meet the 50% rule, thus the reason for an invitational event and not an official Regional or State Championship.

Other Questions:

1. How will this event benefit participating schools and students?
   This event allows for continued growth of TCC, gives the teams an opportunity to compete in state, and gives the TCC sport a culminating championship in multiple divisions. These student athletes will be able to experience what a regional championship event is like and will gain an opportunity to enhance the values of hard work, teamwork, sportsmanship, and perseverance.

2. Do the proposed dates conflict with state mandated testing?
   The proposed dates of this event do not conflict with any state mandating testing windows.

3. Does the event cause additional loss of instructional time? If so, has any thought been given to mitigating this loss (Saturdays, evenings, vacation time)?
   This event is scheduled to take place on a Saturday, following the same type of format used in other CIF events. There are currently non-CIF events currently happening throughout the state that teams choose to attend. Therefore, the potential loss of class time is within standards of typical school league play.

4. If the proposal is for a sport that is played now in more than one season in the state, what dates are selected and why?
   Although TCC does not currently have a dedicated CIF season of sport, the vast majority of the sections offering a TCC championship event are conducted in the Winter season of sport. In addition to that, many of the teams participate in the National Championships in February.

CALIFORNIA INTERSCHOLASTIC FEDERATION
CIF STATE OFFICE • 4658 DUCKHORN DRIVE • SACRAMENTO, CA 95834 • (916) 239-4477 • CIFSTATE.ORG

5. How, specifically, will this event be a demonstration of the values of participation in high school athletics? In choosing teams or individuals for an event, is there ay criterion such as demonstration of respect, sportsmanship, citizenship, achievement through effort and cooperation, full compliance to CIF code of ethics, rules, regulations, guidelines, etc.?
The event will follow all guidelines that are in place regarding selection and qualifying for the event. All participants are expected to meet all CIF rules and participate using the aspects of "Pursuing Victory with Honor" that has been established by the CIF.

6. Will the proposed event lend itself to a partnership between the State CIF and a CIF Section? If so, the nature of the partnership must be detailed. What are the duties and responsibilities of the State and Section entities? If there is to be a risk/profit sharing, what are the proposed financial details? If resources, other than financial, are to be used as part of a partnership, what are the anticipated resources? Any proposal that considers a Section/State partnership should consider whether or not an event should be rotated, upon request, among Sections.
At this time there is no partnership between the State CIF and a section office to run this event.

7. Will there be any ancillary activities associated with the event to make it more attractive and reflective of the goals and mission of CIF (i.e. training for coaches, sportsmanship activities for schools)?
We would hope to be able to provide some event that promotes the values and mission of the CIF. Based upon availability, the CIF partnership with OMS, and other qualified sponsors, the CIF would like to provide a coach's clinic to the event.

Re: Constitution Revision – Articles 70.E. (Executive Committee Nominations) and 70.F. (Executive Committee Elections)

Proposal Originated: Executive Committee

Proposal Reviewed	Proposal Recommendation
10/03/2019 – Executive Committee	First Reading
11/06/2019 – Executive Committee	Approved 8-0
01/31/2020 – Federated Council	Action Item

Type: Constitution Revision

Proposal Summary: The CIF Executive Committee is proposing revisions to Articles 70.E.(Executive Committee Nominations) and 70.F. (Executive Committee Elections) to align these Articles with Federated Council action taken in February of 2019 with respect to Article 70.D. Executive Committee Terms of Office. This amendment is being brought forward as an action item without a prior First Reading as the result may impact the Executive Committee election this April. This process requires a vote to waive the first reading mandated in Article 60 (Constitutional Amendment Procedure). If waived, then a two-thirds vote of the Federated Council would be required to adopt this Constitutional Amendment.

Fiscal Impact: None

Background: In February of 2019, the Federated Council approved revisions to Article 70.D. (Executive Committee Terms of Office) which changed the term of Executive Committee members (including the At-Large member) from one (1) year to two (2) years. This revision would bring the Articles 70.E. and 70.F. into compliance with the Federation Council action from last February.

70.D. Terms of Office

(1) The President-Elect will serve two (2) years before assuming the presidency. The President-Elect shall assume the office of President immediately following service in the office of President-Elect.

(2) The President shall serve a two (2)-year term.

(3) The Past-President shall serve a two (2)-year term immediately following service as President.

(4) Other committee members shall be chosen annually to serve a two (2)-year term. An Executive Committee member may serve for two (2) consecutive terms of two (2) years each.

(5) If there is a break of one (1) year in the service of an Executive Committee member as a member of the committee, that member may be eligible for nomination, election and service for one (1) additional term of office as an Executive Committee member but no one shall be eligible to serve more than a total of six (6) years on the committee.

(6) One (1) at-large representative from the Federated Council who shall be selected in an effort to reflect both gender and ethnic representation on the Federated Council shall be appointed for a two (2)-year term.

E. Nominations

(1) Each year, the President shall appoint a nominating committee consisting of at least five (5) members. Members of the nominating committee shall be selected from among the Federated Council and may include no more than two (2) current members of the Executive Committee.

(2) The Executive Director and the President shall be ex-officio members of the nominating committee.

(3) Nominations for the Executive Committee shall be presented to the Federated Council at the meeting prior to the election.

(4) Nominations for President-Elect will occur in even numbered years.

(5) Each person nominated for an officer or other Executive Committee seat must be a current member of the Federated Council at the time of nomination and election.

(6) The nominating committee will name at least seven (7) candidates for ~~one~~ two (~~1~~ 2)-year terms for the Executive Committee and at least two (2) candidates for President-Elect.

(7) Nominations will also be accepted from the floor at the Federated Council meeting whereupon nominations are presented.

(8) Nominations for an at-large representative will be solicited from Sections and Allied Organizations after the election of Executive Committee members ~~for the following year~~. The Executive Committee, at its June meeting, will select a candidate from among those nominations to serve as an at-large representative ~~for the following year~~.

F . Elections

(1) Elections will occur at the final meeting of the year of the Federated Council.

(2) Elections for Executive Committee members, other than officers and the at-large committee member will be held annually. ~~(The at-large representative will be chosen annually following the election for other Executive Committee members).~~

(3) Should a second candidate be nominated from any Section or the group of Allied Organizations, only the candidate with the most votes (more votes) from that Section/or group is eligible for election.

(4) The nominees who receive the most votes, from among those eligible for election, will be elected.

(5) In the event of a tie between/among candidates whereby there is only one (1) seat available and/or remaining, a revote for the remaining position will take place only between/among the candidates that are tied.

(6) In the event there is still a tie vote after the first revote, one (1) more vote will take place and if the tie is not broken, a flip of a coin will determine the winner.

Abstract: (Please add any supporting documents.)

A summer dead period must be declared by the *school district and/or* school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all *sports and* levels and must be ~~three (3)~~ two (2) consecutive weeks, *fourteen (14) days* between the end of school *in the Spring* ~~or the last Friday in May, whichever is first,~~ and the first day of school *in the Fall* ~~last Monday in August~~. No class could be offered which could circumvent the rule. During the dead period, NO weight lifting would be permitted. No running or other type of conditioning would be allowed. There are no exceptions to the summer dead period.

SS 595

Dead Period Proposal
-   Fourteen (14) day dead period for entire school, all sports, all of CIF-SS

Local control gets to "choose" to take their 14 days anywhere during the summer.

Dead period would be published by district and/or site

Premise of Proposal –
-   To return to original concept of a dead period in providing a break in the summer for all: students, families, coaches, administration, school, and facilities
-   Multisport students would be provided the same rest period granted to single sport athletes
-   This allows families to adequately plan and schedule vacation during the dead period
-   School/facilities would experience true down time
-   In long run, best for coaches/administration and their families
-   Fourteen (14) days is two (2) weeks instead of three (3) currently, which logically aligns with the fact that summers are basically two months long now instead of three months, as in years past
-   Flexibility of local control to pick your own 14 consecutive days that is during the summer
-   With current rule of being able to start last Friday in May, many schools are still in school for a significant portion of their "dead period" so families are not getting 21 days off
-   Reality is that most programs can/will take more days if they choose and fourteen (14) days could easily turn into additional days if district/site choose to add weekends on either end of dead period (still flexible)

Current Playoff Grouping for Golf –

~~3320.2 Boys and Girls Golf – Each year, Team Divisionals will be composed of leagues using the factors of~~ ~~competitive equity and geographic locations of leagues for placement into playoff divisions. The~~ ~~competi~~ ~~tive equity of each league will be determined~~
~~by utilizing a system based on points accumulated by golfers from each league who qualified for~~ ~~Southern Section Team and Individual Golf Championships in the previous year.~~

Proposed Playoff Grouping for Golf –
Boys and Girls Golf – 3320.2 Boys and Girls Golf – Individual schools will be placed into divisions on a yearly basis utilizing a formula including the following factors (Previous years' team performance in the CIF Southern Section Golf Championships as well as league performance in post-season play). Data will be used from the previous 2 years to help formulate divisions. This formula will allow competitive equity to be the used in establishing playoff divisions. Each league will receive, at minimum, League Champions for automatic entry, with additional playoff spots available per league and division as warranted.

Summary

A quick view of the format parameters:

Boys Divisions would remain at 7 divisions, they would be formed utilizing competitive equity.

Girls divisions would remain at 4 divisions, they would be formed utilizing competitive equity.

Division Ranking System: Teams would be ranked through the following formula

The teams will be placed based on previous finishes in CIF Southern Section Championships over the previous 2 years.

For 18 holes it will be: <u>(Team Total/5)-Course Rating x 113</u>
Course Slope

Type: New Bylaw

Next: Federated Council Action (April 3, 2020)

Proposal Summary: The Commissioners Committee is proposing to implement a statewide policy to standardize the penalties for game ejections and set expectations for the behavior of student-athletes, coaches, parents and spectators.

Fiscal Impact: None

Background: Bylaw 503.M. – Acceptable standards of sportsmanship for athletes, coaches, and spectators has become an issue nationwide. This policy would align all 10 Sections and establish uniformity in the expectations of athletes, coaches, parents and spectator behavior while providing consistent penalties when expectations fall short of the statewide standards.

Talking Points: Multiple game suspensions; Impact this change may have on recruiting and retaining officials; Sections retain the ability to continue and/or adopt more restrictive penalties

Proposed Bylaw 503.M. - Statewide Sportsmanship and Ejection Policy

Player:
A player who is ejected from a contest (for reasons other than fighting or leaving the bench area during a fight) shall be ineligible to participate in the remainder of that contest (event) and his or her team's future contest (s) as outlined below:

First Ejection: Player is ineligible to participate in the team's next contest. Player may remain on the bench for the duration of that contest and may be on the bench in street clothes for the team's next contest. If the ejection occurs in the last game of the season, the player would be ineligible for the team's first contest the following season. If the player is a senior, he or she would be ineligible for the first contest of their next season of sport.

1. Second Ejection: Player is ineligible to participate in the team's next three (3) contests. Player may remain on the bench for the duration of that contest and may be on the bench in street clothes for the team's next three (3) contests. If the season concludes prior to the player serving the three (3) contests suspension, he or she would be ineligible for the number of contests remaining on the suspension for the team's following season. If the player is a senior, he or she would be ineligible for the number of contests remaining on the suspension for their next season of sport.

2. Third Ejection: Player is ineligible to participate for the remainder of that season. Player may remain on the bench for the duration of that contest and may be on the bench in street clothes for the team's remaining contest that season. If there are six (6) or fewer contests remaining in the season, the player would be ineligible for up to six (6) contests for the team's following season as determined by the CIF Section Commissioner with jurisdiction in the matter. If the player is a senior, he or she would be ineligible for up to six (6) contests for the next season of sport as determined by the CIF Section Commissioner with jurisdiction in the matter.

A player who is ejected from a contest for fighting or leaving the bench area during a fight* shall be ineligible to participate in the remainder of that contest and his or her team's future contests as outlined below:

1. First Ejection: Player (Fighting/Assaultive Behavior/Gross Unsportsmanlike Conduct) is ineligible to participate in the team's next three (3) to six (6) contests as determined by the CIF Section Commissioner with jurisdiction in the matter. Player may remain on the bench for the duration of that contest and may be on the bench in street clothes for the duration of the suspension. If the season concludes prior to the player serving the full suspension, he or she would be ineligible for the number of contests remaining on the suspension for the team's following season. If the player is a senior, he or she would be ineligible for the

number of contests remaining on the suspension for their next season of sport.
*NFHS Rules indicate automatic one game suspension for leaving the bench.

2. Second Ejection: Player is ineligible to participate for the remainder of that season. Player may remain on the bench for the duration of that contest and may be on the bench in street clothes for the team's remaining contests that season. If there are six (6) or fewer contests remaining in the season, the player would be ineligible for up to six (6) contests for the team's following season as determined by the CIF Section Commissioner with jurisdiction in the matter. If the player is a senior, he or she would be ineligible for up to six (6) contests for their next season of sport as determined by the CIF Section Commissioner with jurisdiction in the matter.

Before a player may return to participate in a contest following a multiple game suspension for any of the above infractions, the school principal must inform the CIF Section Commissioner with jurisdiction in the matter that they have met with the student-athlete, his or her parent/guardian/caregiver and coach to discuss future behavioral expectations. (Create a form for principal to complete and turn into section office)

Appeal Process for All Multi-Game Ejections:
The school principal may appeal the penalties listed above in writing to the League Commissioner/President (for a regular season contest not including the final contest prior to Section playoffs) or CIF Section Commissioner with jurisdiction in the matter (for the final contest prior to Section playoffs and all playoff contests). The appeal must be received by the Section with 48 hours of the date of the ejection. Reasons for the appeal may only include misidentification of the ejected player or a misapplication of the rule. There will be no appeal regarding the judgement of an official.
Note: There is no appeal process for single game ejections.

Coach:
A coach who is ejected from a contest (for reasons other than fighting) shall be disqualified from participating in the remainder of that contest and his or her team's future contest (s) as outlined below:

1. First Ejection: Coach is disqualified from participating in the team's next contest. Coach must immediately vacate the playing area and the vicinity in and around the contest and refrain from having any communication with the team or other coaches for the remainder of that contest and for the team's next contest. If the ejection occurs in the last game of the season, the coach would be ineligible for the team's first contest the following season.

2. Second Ejection: Coach is disqualified from participating in the team's next three (3) to six (6) contests as determined by the CIF Section Commissioner with jurisdiction in the matter. Coach must immediately vacate the playing area and the vicinity in and around the contest and refrain from having any communication

STATE 602

with the team or other coaches for the remainder of that contest and for the team's next three (3) to six (6) contests. If the ejection occurs in the last game of the season, the coach would be ineligible for the team's first three (3) to six (6) contests the following season.

3. Third Ejection: Coach is disqualified from participating in the remaining contests of that season. Coach must immediately vacate the playing area and the vicinity in and around the contest and refrain from having any communication with the team or other coaches for the remainder of that contest and for the remaining contests of that season. If there are six (6) or fewer contests remaining in the season, the coach would be disqualified from participating for up to six (6) contest for the team's following season as determined by the CIF Section Commissioner with jurisdiction in the matter.

A coach who is ejected from a contest for (Fighting/Assaultive Behavior/Gross Unsportsmanlike Conduct) shall be disqualified from participating in the remainder of that contest and his or her team's future contests as outlined below:

1. Ejection for (Fighting/Assaultive Behavior/Gross Unsportsmanlike Conduct): Coach is disqualified from participating for the remainder of that season. Coach must immediately vacate the playing area and the vicinity in and around the contest and refrain from having any communication with the team or other coaches for the remainder of that contest and for all of the team's remaining contests that season. If there are fewer than six (6) contest remaining in the season, the coach would be disqualified from participating for up to six (6) contests for the team's following season as determined by the CIF Section Commissioner with jurisdiction in the matter.

Before a coach may return to participate in a contest following a multiple contest disqualification, for any of the above infractions, the school principal must inform the CIF Section Commissioner with jurisdiction in the matter that they have met with the coach to discuss future behavioral expectations.

Spectator:
If a spectator is ejected from a contest, it is the responsibility of the school to ensure that person does not attend that team's next contest. If the same spectator is ejected a second time, it is the responsibility of the school to ensure that person does not attend any of the remaining contests for that season.

Appeal Process for All Multi-Game Ejections:
The school principal may appeal the penalties listed above in writing to the League Commissioner/President (for a regular season contest not including the final contest prior to Section playoffs) or CIF Section Commissioner with jurisdiction in the matter (for the final regular season contest and all playoff contests). The appeal must be received within 48 hours of the date of the ejection. Reasons for the appeal may only include

STATE 602

misidentification of the ejected coach or a misapplication of the rule. There will be no appeal regarding the judgement of an official.
Note: There is no appeal process for single game ejections.

Enforcement:
See Bylaw 503. M. (New) and Article 22.C.(1)(2)(3)(4)
  (1) The Executive Director and/or Executive Committee or Section Commissioner and/or Section Board of Managers shall have power to suspend, to fine or otherwise penalize any member school for the violation of any CIF or Section rules and regulations or for just cause. The period of suspension or other penalty shall be left to the discretion of the CIF governing body that has jurisdiction of the matter where the penalty is not fixed.

Type: Bylaw Revision

Next: Federated Council Action Item (April 3, 2020)

Proposal Summary: The CIF Executive Committee is proposing a revision to Bylaw 303.B.(6)a. and b. – Multi School New and Renewal Applications. This revision would bring the Bylaw into compliance with what has been past practice regarding the acceptance of new and renewal applications for multi school agreements.

Fiscal Impact: None

Background: Bylaw 303.B.(6)a. – New Applications does not currently allow for a late application and Bylaw 303.B.(6)b. – Renewal Applications provides for a September 1 deadline for late applications. Past practice has allowed for schools to submit late applications for both new and renewal multi school agreements if approved by both the local CIF Section Office and the CIF Executive Committee.

303.B.(6)   New and Renewal applications for multi-school teams under this Bylaw must be filed annually.

    a.   **New applications**

        (i)   All new applications must be received in the State Office prior to May 31 of the current school year for approval for the following school year.

        (ii)   All fees must accompany the application and be received prior to May 31. The request will not be considered until the fees are submitted.

        (iii)   Any late applications will be assessed a late fee of $200; the fee must be attached or the application will not be considered. If a new application is not received by September 1 of the current school year, the school must also submit a statement as to the reason for the late application. This statement must accompany the late application.

        (iv)   Students are not eligible to participate or compete with the CIF member school until confirmation from the CIF State Office that the application is approved.

    b.   **Renewal applications**

        (i)   All renewal applications must be submitted to the State Office by May 31 of the current school year to continue multi-school status for the following year.

        (ii)   All fees for multi-school dues will be reflected on the invoice sent from the CIF State Office for the school's annual school dues and legal assessment.

        (iii)   Any late applications will be assessed a late fee of $200; the fee must be attached or the application will not be considered. If an application for renewal is not received by September 1 of the current school year, ~~it will not be considered.~~ the school must also submit a statement as to the reason for the late application. This statement must accompany the late application.

        (iv)   Students are not eligible to participate or compete with the CIF member school until confirmation has been received from the CIF State Office that the application is approved.

Re: Bylaw Revision – 208.B. – CIF Student Study Abroad (currently titled as CIF Student Transferring Back to a CIF Member School from Enrollment in a Foreign Exchange Program)

Proposal Originated: Commissioners Committee

09/10/2019 – Commissioners Committee	Forward to Executive Committee
11/06/2019 – Executive Committee	First Reading
01/31/2020 – Federated Council	First Reading

Type: Bylaw Revision

Next: Federated Council Action (April 3, 2020)

Proposal Summary: The CIF Commissioners Committee is proposing a revision to Bylaw 208.B. – CIF Student Study Abroad (currently titled as CIF Student Transferring Back to a CIF Member School from Enrollment in a Foreign Exchange Program). This revision would allow CIF students to study abroad for up to two consecutive semesters and participate in athletics at the scholastic and/or club levels during this time period.

Fiscal Impact: None

Background: Bylaw 208.B. – CIF Student Transferring Back to a CIF Member School from Enrollment in a Foreign Exchange Program currently allows CIF students returning from participation in a foreign exchange program to be granted unlimited eligibility provided that they are returning to their previous school of enrollment and are in compliance with all provisions of 208.B. This provision may be used one time during a CIF student's eight (8) consecutive semesters in high school. Given that the CIF does not maintain a list of approved foreign exchange programs for CIF students wishing to study abroad and the current list of programs managed by CSIET is limited, the Commissioners Committee is suggesting the revised language in 208.B.

Talking Points: Does this provide an unfair advantage as opposed to CIF students who remain home and participate in club sports; Is limiting this to a one-time use a reasonable provision; What positive impact may this have on our student-athletes; Does this create any unintended consequences

208.B. CIF Students Transferring Back to a CIF Member School from ~~Enrollment in a Foreign Exchange Program~~ **Study Abroad**

A ~~foreign exchange~~ CIF student who, after being enrolled in a CIF member school (referred to as school A), transfers ~~under the auspices of a foreign exchange program~~ to a school located outside the United States, a U.S. Territory, a U.S. Military Base or Canada (to be referred to as School B) and who, following completion of the ~~foreign exchange program~~ study abroad, transfers back to school A, may be granted unlimited residential eligibility for all CIF athletic competition when the following conditions are met:

(1) The student is returning to the same CIF member school in which they were enrolled immediately prior to their enrollment in the foreign school; AND

(2) There is no evidence that the transfer to or from the foreign country was athletically motivated (see also Bylaw 510); AND

(3) There is no evidence of the use of undue influence (recruiting) by anyone associated with either school ~~or the foreign exchange program~~; AND

(4) The CIF student is in compliance with all eligibility requirements set forth by the CIF and the Section having jurisdiction; AND

(5) The CIF student ~~who has participated in the foreign exchange program~~ must comply with the maximum of eight (8) consecutive semester Bylaw. If a student has exceeded eight (8) consecutive semesters of attendance upon return from the ~~foreign exchange program~~ study abroad, they may apply for a waiver under the Bylaws established by the CIF and the respective Section of the student's CIF member school. All CIF students returning from ~~enrollment in a foreign exchange program~~ the study abroad shall submit the appropriate waiver application(s) for approval as required by their respective Section.

Note: This study abroad provision may be used only one time, for up to two consecutive semesters, during a CIF student's eight (8) consecutive semesters in high school.

Re: Bylaw Revision – 209.C.(1) Disciplinary Transfer

Proposal Originated: Commissioners Committee

06/04/2019 – Commissioners Committee	Discussion
09/10/2019 – Commissioners Committee	Forward to Executive Committee
11/06/2019 – Executive Committee	First Reading
01/31/2020 – Federated Council	First Reading

Type: Bylaw Revision

Next: Federated Council Action (April 3, 2020)

Proposal Summary: The CIF Commissioners Committee is proposing a revision to Bylaw 209.C.(1) – Disciplinary Transfer. This revision would amend the language to clarify that a transfer student may not gain athletic eligibility if there is disciplinary action in place or pending at the former school.

Fiscal Impact: None

Background: Currently, Bylaw 209.C.(1) states that if a student transfers from any public or private school when a disciplinary action is in place or pending that contributes in any way to the decision to transfer, that student shall be ineligible for competition in all sports for one (1) year from the date of the transfer to the new school. The current language, "that contributes in any way to the decision to transfer", allows for the argument that the disciplinary action in place or pending had no bearing on the decision to transfer. The Commissioners Committee believes that the intent was to not allow students to gain eligibility at new school when there is disciplinary action in place or pending at the former school and is suggesting the revised language in 209.C.(1).

Talking Points: Is there agreement that student should not be allowed to move away from disciplinary action in place or pending even if argument can be made for other reasons for the transfer; Are there any unintended consequences with this revision

209. **DISCIPLINE, EXPULSION AND TRANSFER FOR DISCIPLINARY REASONS**

A. **Expulsion**

A student who is expelled by a public-school district in the State of California pursuant to the provisions of Education Code Section 48900 et seq., or from a public school from any other State, or any private or parochial school or district, shall be ineligible to practice or compete with any CIF team or individual sport program that is under the jurisdiction of the CIF for the period of the expulsion.

B. **Suspended Expulsion**

A student who has been expelled and has the expulsion suspended by the school board or board of directors and remains at his/her current school may be eligible so long as all other CIF and Section requirements are met. The conditions under which this student may be eligible will be determined by the local school board or board of directors. If the student is deemed eligible to participate, the conditions of his/her eligibility must be sent to the appropriate Section office.

C. **Disciplinary Transfer**

(1) If a student transfers from any public or private school when a disciplinary action is in place or pending ~~that contributes in any way to the decision to transfer~~, that student shall be ineligible for competition in all sports for one (1) year from the date of the transfer to the new school.

(2) A student, permitted by the principal to return to the school compelling the disciplinary transfer, may be granted unrestricted athletic eligibility by the Section if the student did not participate in any athletic program at the transfer school; compete for the transfer school; and, at the time of the transfer, conditions for return were established by the school administration that include, but are not limited to:

a. Satisfactory attendance criteria; AND
b. Applicable behavior standards; AND
c. Academic performance standards; AND
d. Principal's approval of the return based upon documented evidence provided by the transfer school that the student satisfactorily complied with all conditions for return.

Chris Calderwood
Treasurer

Please consider me a candidate for the position of treasurer on the CIFSS Executive Committee. I am currently ending my second term as Boys Athletic Director Rep to the CIF-SS Executive Committee. It has been my honor to serve in that capacity for the last eight years and I hope you consider me for the position of treasurer.

I have been an athletic director and assistant principal in the Palm Springs Unified School District for 25 years, First at Palm Springs HS and then for the last seven years at Rancho Mirage High School. Before that, I coached and taught math for eleven years in both Carpinteria and Palm Springs. I am currently the league rep for the Desert Empire League and have previously served as a league representative for the Desert Valley League for twelve years as well as the De Anza League. I've been on the Citrus Belt Area Athletic Director's Association board for 20 years, serving as President of that organization for two years as well as a league rep for several leagues for many years. I am currently serving on the CIF State Athletic Administrators Advisory Committee. I have chaired the CIF-SS Athletic Administrators Advisory Committee for the past eight years after serving on that committee for several years previous to that. I have been on the California State Athletic Directors Association Executive Board, creating and managing a new website as well as other media duties for that organization.

It has been a privilege to represent athletic directors on the CIFSS Executive Committee. My experience in this role positions me well for the role of treasurer. I look forward to working with Mitch Carty and the entire CIFSS staff and executive committee to ensure that the CIF Southern Section remains Fiscally sound for years to come. Thank you for allowing me to serve as your Boys Athletic Director representative and I ask that you please give me consideration as treasurer.

PAUL LOPEZ
TREASURER

I have been working in education for 27 years all at Glendora High School. I was a Special Education teacher, Counselor, Dean of Students, Athletic Director, Assistant Principal and now the Principal. I have been the Principal at GHS for the past six years. I have served as the President of the Baseline League and am currently the President of the Palomares League. I am the Council representative for the league. I have served on the MSAC Releaguing Ad Hoc committee two different times. Before becoming an administrator, I coached Football for 25 years. Five of those years were as the head coach.

TODD ARROWSMITH

ACTIVITIES DIRECTOR REPRESENTATIVE

I am seeking a second term as Activities Director Representative to the CIF Southern Section Executive Committee. It has been my honor to serve in that capacity for the last four years and I hope you consider me for another four years.

I have served on the CIF Southern Section Executive Committee since 2011 as a representative of the California Association of Directors of Activities and Activities Director Representative. I served on the CIF Federated Council as a representative of California Association of Directors of Activities from 2008 through 2016. I serve as Chairman of the CIF Southern Section Activities Director Advisory Committee. I serve as an administrator for the California Association of Directors of Activities High School/Middle School Camps that are held at UC Santa Barbara and Santa Clara University every summer. In 2011, I received The Bob Burton Spirit Award from the California Association of Directors of Activities. I currently serve on the Area E Council of the California Association of Directors of Activities. I speak around the state of California on Sportsmanship and Spirit at Athletic Events.

I am currently beginning my 15th year working in Student Activities at West Ranch High School. I was Saugus High School's Director of Student Activities for six years and served as a teacher and Activities Director at Sierra Vista Junior High School for five years.

I am a strong supporter of education, athletics, and student activities. I believe in the correlation between involvement in extra-curricular activities and a students' academic success. I hope to continue on bringing my experience in extra-curricular activities to the CIF Southern Section and its member schools.

All Council Proposals must be submitted according to the timelines published in the Blue Book. If they are not received in a timely manner, they will be postponed until the next meeting.

Council Proposals that do not contain the information in the fields provided on both pages will not be considered.

Sport advisory committees are advised to confine their proposals to the sport(s) under their advisement. Any proposals that do not affect Articles 1400 – 3100 must contain a rationale as to why the sport advisory committee is requesting action.

Procedure for Proposed Bylaw Changes:

1. Identify the bylaw, by number, to be changed or eliminated.
2. Type the bylaw, using normal font face, for language that will remain unchanged.
3. Use strikethrough to identify language to be eliminated or changed.
4. Identify proposed language using bold type.

For example, if a league wants to address the color of jerseys in basketball, the proposal may read:

The _____ League proposes the following changes to the basketball bylaws.
    (your league name)

Bylaw 1623 Color of Jerseys

Proposed language:

"In all basketball games played between member schools of the CIF Southern Section,
The host team shall wear ~~white~~ **dark** colored jerseys."

Change to rule 1212;

Moving the due date of winter schedules to the liaison and assignor from July 1st to September 1st

Rational;

1. Most athletic directors are off work and out of the office by July 1st or earlier.
2. There is a 2 to 3 month gap between due dates in both the fall and spring schedules.
   Example fall schedules are due June 1st 2 months before actual games. Spring schedules are due December 1st 2 months before actual games. Winter schedules are due 5 months prior to the beginning of the season.
3. A later due date would allow for games and/or tournaments to be added to the schedule once school is back in session. Many winter tournament dates are decided once school is bac in session.

3319 PLAYOFF GROUPINGS – COMPETITIVE EQUITY

The following procedures for conducting the business of playoff groupings will be in effect for the sports listed below:

Fall Sports – ~~**Football,**~~ **Girls Tennis, Girls Volleyball, Boys Water Polo**
Winter Sports – Boys/Girls Basketball, Boys/Girls Soccer, Girls Water Polo
Spring Sports – Baseball, Softball, Boys Tennis, Boys Volleyball

3319.1 Individual schools will be evaluated and placed into divisions on a yearly basis for the sports listed above utilizing a formula which includes the following factors: regular season record, strength of schedule and Southern Section playoff performance over a two-year period. (For example, in Baseball and Softball, the data from the 2017 and 2018 seasons will be used to formulate divisions for the 2019 season. After the 2019 season is concluded, the data from the 2017 season will be removed and the data from the 2018 and 2019 seasons will be used to formulate divisions for the 2020 season.) The formula will be applied to each school resulting in the creation of competitive equity power rankings for individual schools, using that school's competitive performance as the only criteria for establishing playoff divisions.

3319.5 Leagues are guaranteed their appropriate number of entries into the Southern Section Championships, per current Southern Section Blue Book Rule 3314. ~~with the exception of football. In football, League Champions will have first priority, followed by 2nd place teams, 3rd place teams and so on from each league. Once the total number of guaranteed entries from each league are submitted, the At-Large Selection process outlined in the Football Playoff Bulletin will be used to select at large teams to fill any byes in the draw, or to eliminate teams from the draw, in order to create a 16-team bracket for each division.~~

3319.7 In the sport of football, individual schools will be evaluated and placed into divisions on a yearly basis utilizing a formula based entirely on current regular season results. Final power rankings, and divisional placements, will be determined and released at the end of the current regular season. Seeding of all playoff brackets in each division will follow the final power rankings in that division, regardless of league affiliation or league finish. For example, in the First Round, the #1 seed, determined by the final power rankings for that division, will play #16, the #2 seed will play #15, etc. The higher seeded team will host the First Round contest and then CIF Southern Section Bylaw 3304, Host Team After the First Round, will be followed for all subsequent contests.

Also…

3314.1 – In all team sports other than wrestling and football, (For information regarding at-large entries for football, see the Football Playoff Bulletin). The rest of 3314.1 remains unchanged.

SS 609

FOOTBALL 2020

Step 1 – All member schools will be required to enter every score, from every game played, into CIFSSHome after each week of the regular season. The CIF-SS will be utilizing the CalPreps Power Rankings system that currently provides power rankings for every 11-Man Football school in our section and across the country. Those weekly power rankings will not include divisional placements. Divisional placements will be based entirely on the power rankings after the regular season has concluded.

Step 2 – At the end of the regular season, final power rankings will be released utilizing only current regular season results. These current regular season results will include out of section and out of state teams, which our past power rankings did not include. The final power rankings will include divisional placements and will serve as the basis for creating the 2020 Football Playoff Brackets.

Step 3 – Divisions and brackets will be created around automatic qualifiers. We currently have 178 automatic qualifiers from leagues across our 14 divisions. This year, Division 1 had 7 automatic qualifiers, which leaves 171 automatic qualifiers remaining. These 171 qualifiers would be distributed evenly across the other 13 divisions, which means there would be an average of 13 automatic qualifiers in each one. We would identify automatic qualifiers from the power rankings, starting at the top and then working down, and build the divisions accordingly. For example, in each division you begin with the power rankings identifying the first automatic qualifier until you reach the thirteenth automatic qualifier. That process might include a total of 20 schools to arrive at the 13 qualifiers. Then, you identify the three highest ranked teams in that division of 20 schools who are not automatic qualifiers from their leagues and those three teams would be selected as at-large teams to complete the 16-team bracket.

Step 4 – Seeding of all playoff brackets in each division will follow the final power rankings in that division, regardless of league affiliation or league finish. For example, in the First Round, the #1 seed, determined by the final power rankings for that division, will play #16, the #2 seed will play #15, etc. The higher seeded team, regardless of league placement, will host the First Round contest and then CIF Southern Section Bylaw 3304, Host Team After the First Round, will be followed for all subsequent contests.

Some other aspects of this concept to be considered…

1) In helping explain this concept further, included in the proposal to the CIF Southern Section Council in January will be 2019 playoff brackets in each division illustrating what last season's playoff brackets would have looked like if this new system was implemented.

2) Another thing to keep in mind is every automatic qualifier from every league would be guaranteed entry into the playoffs, while still providing at-large opportunities for deserving teams in each division. In the past, that has not been the case, in regard to guaranteeing every automatic qualifier from every league gaining entry into the playoffs.

SS 609

3) This new format will require a major cultural change on our membership's part because schools would not know their divisional placements until the regular season is over.

4) With divisions not being formed until after the current regular season, there would no longer be weekly Top Ten Polls tracking each division throughout the regular season.

I hope this information will be useful to you in preparing for what you will see in January. As always, the decision on whether this new format will be implemented or not will be up to our member schools through their league's representation to the CIF Southern Section Council. I look forward to the discussions that are to come in our continuing effort to make progress with competitive equity playoffs.

> Financial Impact on Member School and Southern: Those participating in these events should not incur additional expense, however, they may actually receive an increase return on their investment. Teams are typically in attendance for the awards ceremonies on Sundays.

All Council Proposals must be submitted according to the timelines published in the Blue Book. If they are not received in a timely manner, they will be postponed until the next meeting.

Council Proposals that do not contain the information in the fields provided on both pages will not be considered.

Sport advisory committees are advised to confine their proposals to the sport(s) under their advisement. Any proposals that do not affect Articles 1400 – 3100 must contain a rationale as to why the sport advisory committee is requesting action.

Procedure for Proposed Bylaw Changes:

1. Identify the bylaw, by number, to be changed or eliminated.
2. Type the bylaw, using normal font face, for language that will remain unchanged.
3. Use strikethrough to identify language to be eliminated or changed.
4. Identify proposed language using bold type.

> The Del Rio League proposes the following changes to the CIF-SS bylaws.

> Bylaw 504. M. Sundays

> Proposed language:

In order to provide at least one day of respite from involvement in interscholastic athletics each week, no interscholastic games or practices are to be held on Sunday.

> ADD: Exception: In the sport of Traditional Competitive Cheer –Only those schools that participate in NHSCC may have a one-time exemption for that event once per year, provided approval from the CIF-SS office is granted.

> RATIONALE: In TCC, the season of sport is much longer than that of any other sport. Cheerleaders also do not participate in traditional head-to-head competition in their leagues like other sports do. National-level competitions have provided wonderful opportunities for these high school athletes to compete and be seen by college recruiters. These athletes will miss the important opportunities that they have had prior to CIF inclusion. (Asking these competitions to move away from their Sunday spot is difficult as they require large venues.)

*The National High School Cheerleading Championship (NHSCC) is considered by most to be the most prestigious cheerleading championship in the country. It is also the only cheerleading championship endorsed by the NFHS. An estimated eight hundred of the most advanced teams, representing about 31 states will compete at the Walt Disney Resort in Orlando, Florida. ESPN and ESPN2 are expected to televise the event in 32 countries and is expected to reach 100 million homes.

☒ Advisory Committee Proposal. Committee Name: Swimming and Diving

☐ Executive Committee Proposal. Submitted by: _____

Rule Change:
Rule Number Affected: 3320.4   Implementation Date: 2020-2021

Abstract: (Please add any supporting documents.)

This proposal will create competitive equity based divisions by school in the sport of Swimming/Diving. Currently, playoff divisions are created by league achievement rather than individual school performance.

A critical piece of this is that leagues must submit league finals results must be submitted after completion of their league meet. This is already done by most leagues for pre-verification for the CIF Championships.

Proposed Language:

SS 611

Boys and Girls Swimming and Diving– ~~Divisions formulated every two years by tabulating points earned, by league, in the Southern Section Swimming and Diving Championships using #1 through #36 qualifiers in each event. Boys and Girls are always placed in the same division.~~

Divisions formulated every year by individual team competitive equity. Competitive equity will be calculated by finding the best times for each swimmer in their two events at their league finals and the Southern Section Swimming and Diving Championships and assigning the corresponding point value in the NISCA Power Point tables. Points will be totaled for each team and teams will be rated in a list. The CIF office will determine how many teams will be in each division and assign the proper amount to each division. Boys and Girls will always be placed in the division fitting the higher rated program. Leagues MUST submit exported results in .HY3 or .SD3 format before the completion of the CIF Championship meet.

Swimming Proposal A

Make Playoff Divisions Based on Power Rankings of Individual Teams

All leagues will be required to submit league finals results to CIF. Using software to analyze results, each swimmer will be scored by their best 2 individual results as found in league, CIF, and invitational data. The same shall be done for relay results for the team. Each team will then have points accumulated for their 4 best swimmers in each event.

Scoring will be based on the NISCA table which assigns a point value

Freelance teams will be ranked only by CIF results.

Steps needed to create power rankings:

1. Data Collection
    1. League Finals data is collected from each league
    2. CIF data is collected from championships
2. Data Analysis
    1. Each school will have 4 swimmers measured from each individual event and 1 team per relay event (rationale - 4 scoring entries is standard for championship meets)
    2. Each of those swimmers and teams will have their best result found in league prelims/finals and also CIF prelims/finals and have that result scored based on the NISCA Power Point table.
        1. Note - the swimmers to analyze will be based on league finals entries, but the final points for each swimmer will not necessarily come from those events. If a swimmer scores 120 points at League Finals in the 200 free and 130 points at the CIF Championships in the 200 IM, they will get 130 points but they will count as a 200 free swimmer. This is simply to get maximum representation from each team by basing it on their league finals where they are sure to maximize their entries.
    3. Points will be accumulated for each girls team and each boys team. The gender with the higher number of points will be the point value for the school. Those points will be sorted to rank teams from top to bottom and CIF will have the responsibility of drawing the lines that separate the divisions at their discretion.

Rationale: Making divisions based on competitive equity has produced positive results in team sports. There is no doubt that individual sports can have the same success as long as a way to determine divisions. This method will do that for Swimming.

Swimming and Diving - Power Rankings Proposal A - Sample Data

Team	Current Division	League	Girls Points	Boys Points	Higher Value (boys vs girls)	Division based on 2019 data *Not proposed division

CIF SOUTHERN SECTION COUNCIL PROPOSAL FORM**

In accordance with Blue Book Article 3, Bylaw 30.1, the following proposal is submitted for Council consideration.

"CIF Southern Section Council may entertain proposals submitted to the governing body on the appropriate proposal form from duly appointed advisory committees, leagues or the Executive Committee." *All items coming before the Southern Section Council must contain the financial implications on member schools, leagues and the Southern Section.*

Date: 1/8/2020

Submitted by:
Name of representative: Eric Henninger

School of representative: Garden Grove   Telephone: 714-663-6115

Check one of the following:

☐ League Proposal. Name of League: _____

☒ Advisory Committee Proposal. Committee Name: Swimming and Diving

☐ Executive Committee Proposal. Submitted by: _____

Rule Change:
Rule Number Affected: 3320.4   Implementation Date: 2020-2021

Abstract: (Please add any supporting documents.)

This proposal will split boys and girls from one school into separate divisions, where applicable.

Proposed Language:

Boys and Girls Swimming and Diving– Divisions formulated every year by individual team competitive equity. Competitive equity will be calculated by finding the best times for each swimmer in their two events at their league finals and the Southern Section Swimming and Diving Championships and assigning the corresponding point value in the NISCA Power Point tables. Points will be totaled for each team and teams will be rated in a list. The CIF office will determine how many teams will be in each division and assign the proper amount to each division. Boys and Girls will always be placed in the

SS 612

~~division fitting the higher rated program~~ **Boys and Girls will be rated separately and may be placed in different divisions.** Leagues MUST submit exported results in .HY3 or .SD3 format before the completion of the CIF Championship meet.

Council First Read: 1/28/2020   **Council Action Date:** 3/31/2020

Date Proposal will take effect on member schools: 2020-2021

See reverse side for additional information.

Financial Impact on Member School and Southern Section (Attach an analysis and supporting documents):

All Council Proposals must be submitted according to the timelines published in the Blue Book. If they are not received in a timely manner, they will be postponed until the next meeting.

Council Proposals that do not contain the information in the fields provided on both pages will not be considered.

Sport advisory committees are advised to confine their proposals to the sport(s) under their advisement. Any proposals that do not affect Articles 1400 – 3100 must contain a rationale as to why the sport advisory committee is requesting action.

Procedure for Proposed Bylaw Changes:

1. Identify the bylaw, by number, to be changed or eliminated.
2. Type the bylaw, using normal font face, for language that will remain unchanged.
3. Use strikethrough to identify language to be eliminated or changed.
4. Identify proposed language using bold type.

For example, if a league wants to address the color of jerseys in basketball, the proposal may read:

The _____ League proposes the following changes to the basketball bylaws.
     (your league name)

Bylaw 1623 Color of Jerseys

Proposed language:

"In all basketball games played between member schools of the CIF Southern Section,
The host team shall wear ~~white~~ **dark** colored jerseys."

Swimming Proposal B

Separate Girls Teams and Boys Teams in Playoff Divisions

Girls and Boys swim teams will be placed in the division that's appropriate for the individual team, which may differ from each school's opposite gender.

Example: The Garden Grove girls could end up in Division 3 while the boys are in Division 4.

The individual team ranking system will separately calculate each school's boys team total and girls team total. Those totals will be sorted individually with lines drawn at the appropriate number of teams with no consideration given to where the opposite gender is.

Based on 2019 data, roughly 1 in 3 schools will have genders in different divisions.

Rationale: It's unfair for one gender from a school to be in a higher division than they should be because of the other gender being better.
